

FHWA Policy on access to the interstate system

The 'Eight Points'

- 1** Analyze role of entire highway system
- 2** Consideration of alternatives that do not involve added access
- 3** Effects of adding interstate access
- 4** Types of acceptable added access
- 5** Coordination with local and regional planning
- 6** Need for systematic study of effects
- 7** Coordination with related development
- 8** Documentation of added access requests
